Out Of Town Visitors.

Mr. and Mrs. G. W. Days of Denver are stopping in El Paso a few days visiting friends en route to California. Miss Elizabeth Cunningham, who has been stopping over in El Paso a few days, left Friday for Babes, Tex., where she will make her future home.

Mr. and Mrs. J. J. Boyd, of Government Hill, have as their guests, Mr. C. P. Austin, of Little Rock, Ark., who will visit here for a few days.

Miss Elizabeth Bernard, of Mobile, Ala., is visiting her brother, Frank Bernard, for a few days. Mr. Bernard will accompany his sister to San Francisco to attend the exposition.

Miss Esther Rice has as her guests Miss Dorothy McCallough and James McCallough, of Berkeley, Cal., who will visit in the city for a few days.

Phil McLaughlin, of Chihuahua, is in the city to visit his sister, Mrs. Letitia Taylor, of New York, and accompany her to Chihuahua. She will spend several months there as the guest of her brother and mother.

Mrs. M. S. Bauman, 221 Olive street, is expecting Miss Bertha Fessman and Miss Sophie Fessman, of Eagle Pass, Tex., the first part of the coming week. After visiting in El Paso for a few days, the Misses Fessman will go to California to spend the remainder of the summer.

Among the many new arrivals, coming here to make this city their home, are Mr. and Mrs. Brady, formerly of Peoria, where Mr. Brady was the district attorney for the past six years. They are well known here, having visited their sister, Mrs. Dan White, a number of times during the past few years. Mr. Brady has opened offices in the First National bank building and has rented the Stanley Devan house at 708 Noble street for a residence.

Lodges and Clubs.

The Young Men's Hebrew association will give another social entertainment Sunday night in their club hall on San Francisco street. A varied program has been arranged for the occasion, including several sketches and musical numbers. A mock trial will be given by 12 members of the club.

The El Paso live, No. 42, of the Macabre club of the world, will hold their usual monthly social in the K. P. hall tonight at 8 o'clock. Cards and dancing will be enjoyed. The committee for the evening is composed of Mrs. Jackson, Black, Mrs. Lillian Jackson, Mrs. Lennie Werle, Mrs. Annie O'Neil and Mrs. Mala Winter. Light refreshments will be served.

The Georgian picnic will be given tonight at Taleta. The affair is in charge of J. J. Pender, John M. Pratt, W. C. Porter, C. R. Russell and J. M. Nealon. The picnic will begin at 5 o'clock. At 7 o'clock the watermelon will be cut and after this dancing and games of various kinds will be enjoyed. Among the El Pasoans who are formerly from Georgia are the following: Mr. and Mrs. C. L. Wolf, Mr. and Mrs. J. J. Trotter, Mr. and Mrs. F. J. Hall, Mr. and Mrs. Zach Lamar Cobb, Mr. and Mrs. T. M. Wingo, Mr. and Mrs. H. P. Jackson, Mr. and Mrs. H. D. Camp, Mr. and Mrs. W. C. Carr, Mr. and Mrs. H. Y. Ellis, Mr. and Mrs. J. E. Morris, Mr. and Mrs. W. C. Potter, Messrs. C. C. Crawa, C. P. Brown, Miss J. Mitchell, Miss Augusta Ann Reese, Messrs. Dick Newman, Harry Smith Whitman, Dick Newman, Harry Owsley, H. W. Peacock, Les Crawa and others.

Automobiling.

A fishing party, made up of Will Walt, Lee Newman, J. Shackelford and Grover Smith, has returned from a trip to Roswell and the Bonita river, north of Roswell. The trip was made in Mr. Walt's car.

Mr. and Mrs. H. R. Johnson and daughters, Miss Margaret Johnson and Marjorie Johnson, accompanied by Mr. and Mrs. C. H. Price, will leave Sunday morning by auto for a camping trip of two weeks on the Rio Grande. The party will return by way of Cloudcroft. Mr. and Mrs. Arthur Mosley and sons, William Mosley and Howard Mosley, have returned from a four weeks' overland trip in Mr. Mosley's Ford. The party visited points in New Mexico, Kansas, Oklahoma and Colorado. They report the roads in a very good condition.

Parties.

Little Miss Alma Huddleston was the hostess at a party Friday afternoon at her home on Dyer street, in honor of little Miss Margaret Wood, who is her house guest. Games were enjoyed during the afternoon, after which an ice course was served to the guests. The dining table was prettily decorated with pink and white sweet peas. The place cards were hand painted with tulips on them. The guests were Margaret Wood, Fern Mahoney, Helen Youngberg and Lorraine Moore.

\$140,000 BUILDING FOR DOCTORS; WILL BE BUILT FOR BIG LIBRARY

Dr. Hugh Crouse Plans Medical Building to House All Branches of the Profession; Will Be Six or Eight Stories; Victor Caruso to Build a Warehouse Which Will Cost \$25,000.

EL PASO doctors, druggists and dentists are going to give the city a new claim to fame by the erection of a six or eight story medical building, to cost approximately \$140,000, devoted exclusively to the three branches of the medical profession—dentistry, pharmacy and medicine. The new building will be built on the northwest corner of Oregon and Missouri streets, the site of the Johnstone house. It will be constructed of reinforced concrete. Dr. Hugh Crouse, originator of the plan and purchaser of the property for \$25,000 outlined the proposal Friday afternoon.

"The new medical building," he said, "will be devoted exclusively to the offices of doctors, dentists and druggists. This is not a money making scheme. All the stock issued by the company which will erect the building will be sold only to physicians and their colleagues in the medical profession—dentists and druggists. This plan has been adopted by Philadelphia, Memphis, Dallas, Kansas City and San Francisco and has proved successful in each of these cities. Every medical man. We have not decided yet whether to build an eight story or six story building.

Library and Museum.

"The new building will have a free assembly room and library for the use of the El Paso County Medical society. The library room will be donated for the permanent housing of the splendid library already in the possession of the society, which is one of the finest libraries in the south. It contains 3000 volumes and is constantly growing. Then there will be a pathological museum and a private hospital living near the site of the new building has promised to donate \$500 toward the establishment of the museum if we build a six story structure or \$1000 if we make it eight stories.

"The building will be ventilated by cool, washed air and will have a complete, inter communicating telephone system. There will be an operating room on every other floor for the use of the patients who have minor operations to perform. Two trained nurses will be in constant attendance in the building. The library will be in charge of an experienced librarian. Every office will contain a safety deposit vault, where the doctors can keep their records.

Pasture Institute Included.

The Pasture Institute and a local drug store have already spoken for space. A large dental supply house also has made reservation. A complete X-ray equipment and photographic facilities will be installed. Laboratories are also to be housed in the building. Investigation is now being made of the most modern built-in features for dentists offices and will be incorporated into the structure. It is the belief of the medical men interested in the project that this proposition will draw the attention of the medical world to El Paso, for no other city of this size in the country will have anything like it."

Plans \$25,000 Warehouse.

Plans for a \$25,000 warehouse, to be built by Victor Caruso. Work on two new apartment houses, costing \$2500 and \$1500, was started during the week and contractors also began the remodeling of the Patterson building, at Broadway and San Antonio street, which will cost about \$11,000. The Caruso warehouse is being built for occupancy by the Sam Goodman Co. It will be of brick and concrete and will be two stories in height. The ground occupied, which is located at Sixth and El Paso streets, and has an area of 120 feet by 120 feet. The building will be equipped with a large freight elevator and will have facilities for rapid loading and unloading.

Church Bldg. Apartment.

Jelly Morris has been awarded the contract by the Spanish Methodist Episcopal church for the building of a 12 apartment building at the corner of 12th and Fifth streets. The building will be two stories in height and will contain 24 rooms. It will occupy a plot 50 by 75.6 feet and will be built of brick. Plans for the apartment, which will cost \$4500, were drawn by Frost & Frost.

Jelly & Morris started work during the week on an apartment house on Myrtle avenue, near Dallas street, that is being built for Mrs. C. F. Leary. Each apartment will contain four rooms and the building will be two stories in height and will have four apartments and will cost \$4500. The same firm began work during the week on the remodeling of the Patterson building. Instead of two there will be three stories on the ground floor and the two upper floors will be completely remodeled, a new plumbing and electric

light system being installed among other improvements. The work, which is being done for the James L. Marr company, will cost \$11,000.

Summit Place Sells Fast.

The Stey-Cranfill company, which placed Summit place on the market, reports many sales during the week. A number of inquiries from out-of-town have been received by the company. One purchaser has made his first payment from Mapimi, Mex., and another, at San Luis Potosi, has asked for the Mexican agency of the firm.

Demand for Rental Houses.

Really good rental houses, that, despite the number of persons leaving the city, there are less for rent houses at this time than during any previous summer season. This is explained by the fact that many persons are coming to El Paso to make their homes and the demand has been so great that, even with the summer exodus, the supply is still too small to meet the demand. Many homes have recently been built by home owners who have come to this city to live.

Winter Long Days Building.

Walter Long has bought the Eckman building at the corner of Kansas and Overland street from R. C. Sample for \$16,000. The building has a frontage of 36 feet on Overland street and is three stories high. It is now occupied by a store on the first floor and by the labor unions on the second and third floors. The building will be improved with a fourth story and the interior will be refinished at a total cost of \$10,000. The sale was made by Broadbent & LeBaron, who also sold to Mr. Sample 100 acres of land at San Elizario for \$16,000.

George R. LeBaron has bought 15 acres of land from Cyrus Jones four miles down the county road and is planning to build a residence for himself on it. He paid \$20,000 for the tract and it will be made a suburban residence district. In exchange Cyrus Jones has bought of George LeBaron 200 acres of land at Tornillo, Tex., for \$15,000.

40 FEET ON TEXAS SELLS FOR \$32,000

Forty feet frontage on Texas street sold Saturday morning for \$32,000, when Geo. Zerk bought the two story brick building on the alley between Stanton and Kansas streets, on the south side of Texas street. The sale was made by James L. Marr & Co. and Mr. Zerk expects to erect a business building on the site as soon as the lease expires, which will be within the next year.

CUT WEEDS ON VACANT LOTS, B. H. BOYD SAYS

H. H. Boyd has a good suggestion for the beautification of the city, and, at the same time, the reduction of the number of mosquitoes and flies in the city. He says the city should order all the weeds and grass cut on the vacant lots of the city.

"This would improve the looks of the city and would give the appearance of the tall grass and weeds are breeding places for these. Many of the corner lots are being held for increased prices and are overgrown with weeds. They should be ordered cut at once."

DOMINGO MONTOYA JURY DISAGREES

Unable to agree, after deliberating all night, the jury in the Domingo Montoya case was discharged Saturday morning by Judge Dan M. Jackson in the 24th district court.

The jury is said to have stood 10 for conviction and two for acquittal, but were unable to reach a verdict and were dismissed. The case will have to be tried again.

Montoya was charged with alleged criminal assault on Josefina Hernandez, a Mexican girl who came here from Las Cruces. The defense introduced evidence to prove that the girl was more than 15 years of age, which is the age of consent in Texas. Montoya is county constable.

13,000 CHILDREN IN CITY WHO ARE OF SCHOOL AGE

A total of 13,000 children of school age is expected to be included in the census rolls for El Paso which will close on June 23 and will be forwarded to Austin on July 1.

F. E. Sawyer, school auditor, says there still remains many children of school age who have not been included in the census lists and he is anxious to have every child of school age entered, as it will mean more than \$3 each to the school funds for next year.

The advance estimates show that an increase of from 1200 to 1500 names will be shown by the rolls.

The school board has asked for bids on 800 tons of coal to be used by the schools in the city during the next school year.

NEW ORDINANCE REGULATING FREE GARBAGE COLLECTION

City attorney W. R. Ware is preparing a new ordinance to regulate the collection of garbage. The present free collection of garbage in the city is being made in spite of an ordinance requiring the property owners to pay for the garbage collection.

The new ordinance will specify that the free collection of garbage will be continued, but collections will be included in the ordinance to prevent the city from being imposed upon by the property owners.

THE MOST POWERFUL WOMAN IN GERMANY

When the war had fairly started and it was evident that the British had planned to starve out Germany, one of the first acts of the German government was to take steps toward the conservation of the food supply. Frau Hedwig Heyl, known as "the most powerful woman in Germany," was called into conference. The result? Five separate and distinct cook books, one for each section of Germany; the east, west, north, south and central. Each book gives recipes for using the products grown in that particular section of Germany. Even a recipe for making horse flesh palatable is given. Besides being an expert on food values, Frau Heyl is one of the foremost educators in the German empire. She is the founder of the Pastalozzi-Probel house and Model Seminary, the Cooking and Housekeeping school, the Jungerheim, a home for young people where all sorts of useful handicraft are taught. She is a close friend of the kaiserin and crown princess and has aided them in their war work.
